Enrollment Plans

What adjustments to the budget, staffing and/or academic model would be made to accommodate your proposed minimum enrollment?

Amounts in the budget have been estimated based on actual costs of operating a charter school to every extent possible. The year 1-5 budgets have what we believe are conservative cost estimates so that if enrollment were less than budgeted, we would be able to reduce some expenses while maintaining academic excellence. In the unlikely scenario where enrollment was to be significantly lower than budgeted, then we would also reduce variable costs in proportion to the reduction in enrollment maximizing classroom efficiencies to maintain strong teaching staff and low student to teacher ratios. We would prioritize maintaining arts integration supports as long as possible with grade level teaching artists given the highest priority next to teachers.
