Pathways In Education New Orleans

Pathways In Education is a tuition-free accredited public high school dedicated to providing each student with a carefully tailored learning experience. At Pathways, every student is given the opportunity to succeed.

Program Features

Guided Individual Learning

Students work and learn independently in a safe and constructive environment, at a pace tailored to each individual's ability and learning level as teachers give personalized attention and guidance.

Diverse Class Formats

Classes are available in several convenient formats— independent study, online, and small group instruction.

Flexibility

Students, parents, and teachers partner to create a learning plan schedule that respects and meets the needs of the student and their responsibilities outside of school.

Continuous Enrollment

The program operates year-round, allowing students to enroll any time.

Post-Secondary Counseling

Dedicated resources such as math tutors and student advisors are available to help each student focus on the development of a college or career plan.

Learning Support

In addition to free tutoring, small group instruction is offered in all levels of Math, English, and Science.

Experiential Learning

Pathways offers several experiential programs that seek to cultivate healthy life skills through hands-on activities.

Sports, Clubs, & Activities

Clubs and activities like sports, student government, and social gatherings ensure every student gets to take part in experiences that are fun and important for social development.
