2. STANDARD OF REVIEW

Per Title 28, Bulletin 126, Louisiana law requires OPSB to:

- a. "carefully review each Type 1 and Type 3 charter school application they receive and may approve a charter application only after it has made a specific determination that the determine whether each proposed charter complies with the law and rules, whether the proposal is valid, complete, financially well-structured, and educationally sound, whether it provides for a master plan for improving behavior and discipline in accordance with R.S. 17:252, whether it provides a plan for collecting data in accordance with R.S. 17:3911."

and shall provide for an independent evaluation of the charter proposal by a third party with educational, organizational, legal, and financial expertise”

In compliance with these requirements, an Independent Evaluation Team has evaluated each application against rigorous criteria, reviewed the Request for Clarification (RFC) information, interviewed each applicant, and came to a consensus recommendation regarding the quality of the application with regard to the evaluation criteria.

While the duty of the Independent Evaluation Team is to recommend approval or denial of each application based on the criteria, it is the responsibility of OPSB to decide whether to approve or deny each application.

It is the Independent Evaluation Team’s primary objective to deliver the most accurate, fair, and comprehensive recommendation reports for each applicant. To that end, the Independent Evaluation Team will address and correct factual errors that are identified via an applicant’s written rebuttal.

3. RESPONSE

The Independent Evaluation Team thoroughly reviewed the applicant’s response.

In the opinion of the Independent Evaluation Team, the information provided does not change the original ratings and overall recommendation.
